

9 ROADBLOCKS TO SUCCESS

ALL TALK. Some people talk a good game, but that's where it ends.

LAZINESS. Some folks want the rewards, but are unwilling to put in the hard work.

FEAR. Some people are so afraid of failing that they fail to try.

PROCRASTINATION. Some folks list every excuse in the book why *now* isn't the time to start.

POOR ADVICE. Some people allow their friends to discourage them from pursuing their dreams.

INDECISION. Some folks are like a deer in headlights. They're unwilling to make the tough decisions needed to advance their cause.

COMMITMENT. Some people are *not* willing to make the sacrifices required to succeed.

PERFECTION. Some folks demand perfection and can't proceed until it's attained — which means never.

QUITTING. Some people give up without realizing that they were inches away from the finish line.
