

ARE YOU *open* OR **closed-minded?**

KEEP AN OPEN MIND AS YOU REVIEW THIS LIST.

DO YOU:

- Make up your mind before you start?
- Surround yourself *exclusively* with like-minded people?
- Discount or ignore opposing viewpoints?
- Feel you're too old to learn anything new?
- Make decisions without input?
- Subscribe to a "we've always done it this way" mentality?
- Spend more time talking than listening?
- Use language or jargon that isolates you from others?
- Request feedback from *only* a chosen few?
- View the world as black or white?
- Judge a person's ideas based on rank, age, gender, or race?
- Create red tape or a bureaucratic jungle that limits feedback?
- Feel threatened by smart or successful people?
- Bully people to sway them to your opinion?
- Subscribe primarily to information that confirms your existing beliefs?
- Feel that your title entitles you to be right all the time?
- Separate yourself from others by belonging to cliques?
- Think this list doesn't apply to you?

ARE YOU OPEN-MINDED? IF NOT, LEAVE THE DOOR OPEN TO IT.
